

EAST WEST

BERLIN

East / West Project is a nonprofit initiative that encourages cultural exchange by establishing short term project spaces for international artists to share, develop and progress contemporary ideas.

Traveling annually to a different city with an unique emerging art identity, East / West Project provides leading contemporary art communities with worldwide access to each other, the ability to collaborate and a physical axis for developing ongoing cultural dialogue.

From Sept 1, 2009 - Dec 1, 2010 The EAST/WEST Project will be in the heart of Mitte within two blocks of Berlin's major transit hub and famous TV tower, ideally located among some of Germany's most recognized emerging art galleries.

And in response to immediate success in Berlin... The EAST/WEST Project is growing, expanding and extending its stay! Currently centrally located in Alexanderplatz - The EAST/WEST Project doubles its space and scale of exhibits in its incredible new storefront, right next the Berliner Unterwelten, in the hot art district of Kreuzberg. The EAST/WEST Project now runs January through June 2010 at Fichtestraße 3, Kreuzberg 10967 Berlin.

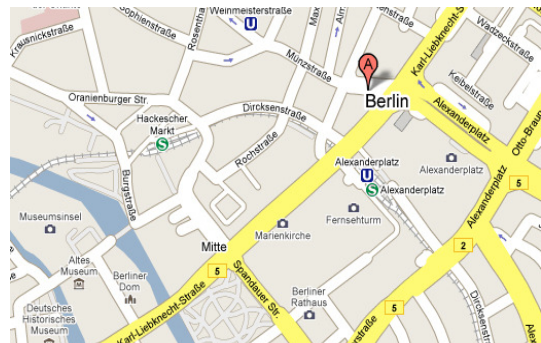

Founded by pioneers of the highly recognized emerging art scenes of Williamsburg, Brooklyn and Portland, Oregon, East / West Project supports the advancement of global understanding through initiating long term relationships among multinational cultures.
